Meets:

Hi Guys, please tell our readers about yourselves...

We are an Indie Rock band who focus on writing songs with great melodies and chorus's, combined with our eclectic tastes in Heavy Rock, Metal and Dance influences provides for a really rhythmic sound.

What has been your biggest highlight so far this year?

Supporting Alabama 3 at Brixton Jamm. We had hundreds of people there and the sound system was epic!

**How do you feel about being invited to perform at Hobble on the Cobbles this year?
(Are you familiar with the event?)**

Yes we have heard of it, we came last year and watched *Palahniuk*. We're very pleased to be invited, thanks! It's certainly a festival we are looking forward to playing.

Is there anything you would like to share with our readers?

We're planning the recording of crowd favourite "*Ugly Baby*", it should be out later this year!

What else are you looking forward to this year?

We organise rock nights in Thame. These are proving to be a great success and we are looking forward to doing more of these and exposing people to live original music.

What other bands are you following at the moment?

It's a difficult question to answer. Certainly some bands we've enjoyed watching have been *El Bronson*, amazing! Plus, *Georgie Bird*, *Callow Saints*, *Palahniuk*, *Without Reason*. But to be honest the music scene is really good, there are so many to choose from.

What has been the most embarrassing live moment so far in your career?

Is there anything you can tell us?

We have had all sorts: starting songs on the wrong capo fret, I remember Dave's guitar strap completely coming off in the middle of a song. We also had the main snare drum break which sounded dreadful.
